Invitation

We cordially invite you to be with us for our sale on November 23, 1957, which consists of cattle being completely dispersed by the Oak Shade Stock Farm and the Noah and Robert List Herd. We have, however, extra cattle added from four fellow Polled Shorthorn breeders.

As for the Oak Shade herd, this herd is being offered due to the fact that we sold the farm earlier this year and our plans are to move to a smaller farm where we can lead a more or less retired life. The cattle as you know are owned by Mr. and Mrs. Ray Harden and operated under the name of Oak Shade Stock Farm. They are in the main developed and bred here and we have always practiced a rigid culling program and used nothing but outstanding bulls. Oakwood Hallmark x is the bull that put us in the Polled Shorthorn business and his blood has commanded high prices throughout the country and his sons and grandsons, daughters and granddaughters have done very well in the show rings. Broadway Hallmark x developed on one of our farms was shown to the International championship in the 1956 International show by Ray and Gerald Clodfelter of Greencastle, Indiana. This splendid individual has the same bloodlines as 90% of the cattle we are selling.

The herd will not sell in a highly fitted condition, but will be presented in excellent natural flesh. We take this opportunity to express our thanks and appreciation to our friends and many customers through the years. Their friendship we value highly and we can recommend each and every lot in this sale to be sound in all respects and we wish all the buyers success with their purchases.

Mr. and Mrs. Ray Harden

Comments from the Sale Manager

The dispersion of the Oak Shade Stock Farm herd, of the Noah and Robert List herd and of the added cattle by M. E. Beman & Sons, Lehnert Stock Farm, Lawrence Karn and House and Benroth are all extra good cattle. There are only three or four horned animals in the entire sale and they speak very well for themselves. The Oak Shade cattle are a fine group of cows and I can say that it is one herd that has maintained size in their cows. The herd sire, E C M Super Chief x has proved to be an excellent sire, he has an excellent pedigree and is a grandson of Commander-In-Chief x.

The Noah and Robert List herd is a herd of good cows. The two bulls, Vagon x an outstanding Polled bull that is a grandson of Oakwood Hallmark x and the white bull, M & R Benefactor is an extra fine white bull sired by Lawton Benefactor. He is one of the good sons of Lawton Benefactor.

As for the added cattle from the fellow consignors, we can say that they are coming from good herds and they are all foundation cattle.

I can recommend these cattle and especially the families such as the Glosters, the Beauties, the Marigolds, the Nonpareil's, the Augustas, the Clippers, the Lady Dorothis, and the others that have Polled pedigrees to be the kind to raise Polled Shorthorns for the future.

OAK SHADE ESTELLE 5TH—This is a very good roan heifer and is pasture bred to Super Chief.

Polled Shorthorns have consistently gained in world favor because they possess the characteristics of adaptability and efficiency. Coupled with ideal type they have all the advantages of other breeds and none of the disadvantages. They can give you all the superior money-making qualities of natural greater weight and early maturity of the Shorthorn, plus the money and time-saving attributes of the naturally hornless head. They can turn grass and roughage into cash income faster than any beef breed, and are easier to handle because of their quiet, easy-feeding dispositions.

NONPAREIL OF OAKWOOD 2D—This dependable brood cow is sired by Commander in Chief. She sells with a roan September 20, 1957 bull by Oak Shade Hallmark 36th.

The next fifteen lots are cattle listed and selling by Noah and Robert List, Williamsport, Ohio. The bull, Vagon x is an outstanding Oak Shade Hallmark bred bull. The horned bull, N & R Benefactor is one of the outstanding sons of Lawton Benefactor. If you are looking for a good white horned bull, we can recommend this bull to the most discriminating buyer. The females are all regular producers and the most of them have calves at foot by these two bulls. We suggest that you look these pedigrees over carefully.
